BEAUVANTAGE 2011 CALIFORNIA CABERNET SAUVIGNON SYRAH

The traditional blending of Cabernet Sauvignon and Syrah showcases the structure of Cabernet Sauvignon enhanced with the layers of fruit and suppleness of Syrah. BeauVantage Cabernet Sauvignon Syrah features luscious ripe fruit essences and soft French oak aromas. Enjoy with food or sip by itself and savor the lingering finish of this delicious red wine.

"In my opinion, she is the most original and creative artist in her field."
— Robert Mondavi,

Susan Pate

Designer of Opus One and BeauVantage wine labels

Wine label designer Susan Pate has created memorable wine labels for Opus One, Harlan Estates and Domaine Chandon, among many other prominent brands. With over 40 years of experience in both fine and commercial art, Susan Pate is an established and highly respected innovator in the field of graphic design.

Pate attended the Chicago Art Institute after graduating from Ohio's Miami University. After winning a package design competition sponsored by Moët-Hennessy for its Napa Valley venture, Domaine Chandon, over the next 20 years she went on to develop all of their graphics, architectural signage and museum displays.

Pate was soon recognized in the international wine industry as an accomplished and innovative designer. Susan worked directly

with Baron Philippe de Rothschild and Robert Mondavi to create the Opus One label and packaging. She continued to work with Robert Mondavi, developing virtually all of his packaging, important marketing materials and annual reports.

For Mondavi's joint venture with Marchese de Frescobaldi, she also created the Luce package. She is the designer of choice for many prestigious Napa Valley brands, including Harlan Estates, Merryvale, Napa Valley Reserve and Quintessa.

Vantage Wines is proud to present Susan Pate designed labels on our 2011 vintage of BeauVantage fine wines.

"Wine is a living thing. It is made, not only of grapes and yeasts, but of skill and patience. When drinking it remember that into the making of that wine has gone not only the labor and care of years, but the experience of centuries."

Winemaking Art & Science

Creating fine wine is a highly exacting, time-consuming, labor-intensive process requiring great technical expertise, aesthetic judgment, scientific knowledge and extensive hands-on experience. It is a collaborative, cooperative effort only successfully achieved with a finely tuned team of qualified, well-trained personnel. It is art, manufacturing and science working steadily side by side to produce a product unlike any other. The challenges are vast and the rewards are profound.

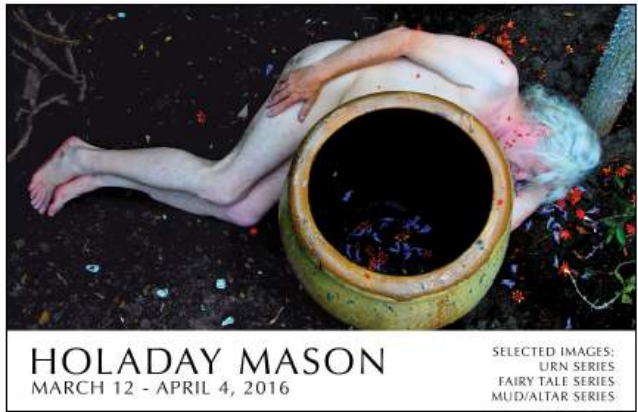

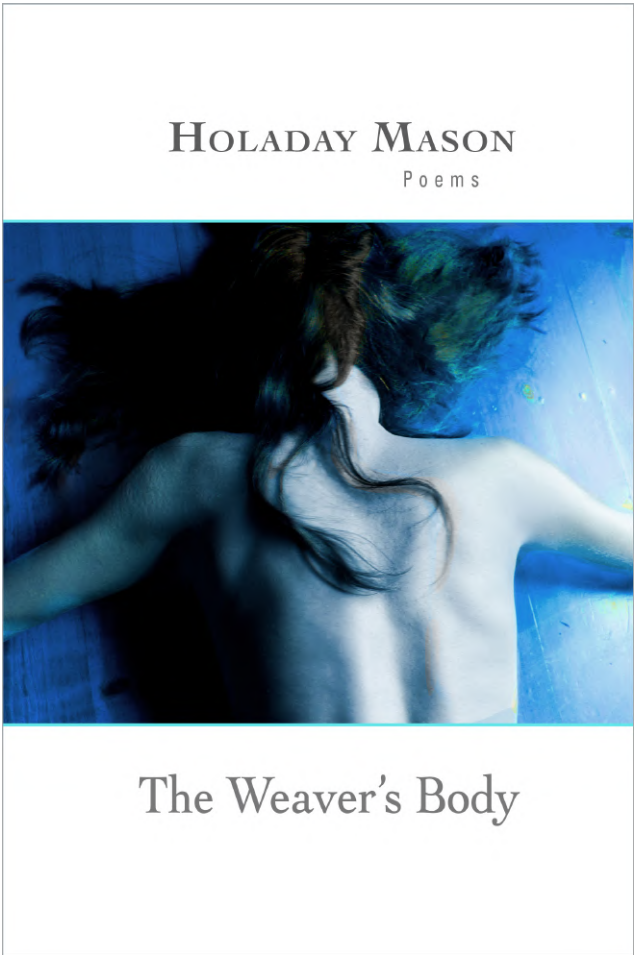

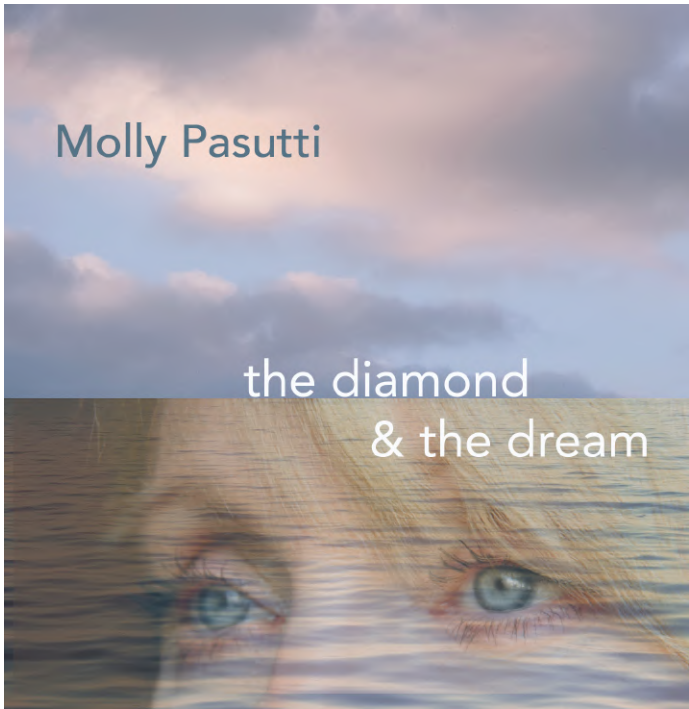

BEAUVANTAGE 2011 PASO ROBLES CABERNET SAUVIGNON

Our 2011 BeauVantage Paso Robles Cabernet Sauvignon features the classic complexity and charm of fine Cabernet. This vintage shows great flavor intensity, with rich blackberry, black cherry and nuance of French oak, which together fill the profile of this well-balanced wine.
